

INTERNSHIP WEEKLY REPORT FORMAT

NUEVA ECIIJA II ELECTRIC COOPERATIVE, INC. AREA 1

Week#: 1 <January 12-16, 2026>

STUDENT 1 NAME: RAYMOND S. LUNA

STUDENT 2 NAME: MARY ROSE DL. DOMINGO

Number of hours worked for the week: **40 hours**

Total number of hours worked since start of First Week Internship: **40 hours**

A. ACTIVITIES/DUTIES/FUNCTIONS PERFORMED

1. Document all activities for the week. Enumerate daily activities.
2. What were your accomplishments this week? Enumerate/describe all the tasks involved in your accomplishments.

January 12, 2026

- The first day of the on-the-job training began with a flag ceremony, followed by an orientation discussing the company's rules, regulations, and workplace expectations. In the afternoon, we had a site visit at Nueva Ecija II Electric Cooperative, Inc. – Area 1, where we were introduced to the various designated areas and assigned departments. We also took part in the scheduled morning and afternoon exercises.

January 13, 2026

- The day started with daily devotion and preaching, followed by a morning exercise. We then attended and observed the virtual hearing regarding the Joint Application for the Approval of the Power Supply Agreement (PSA) between Nueva Ecija II Electric Cooperative, Inc. – Area 1 (NEECO II – Area 1) and Sual Power Inc. In the afternoon, we participated in another exercise and later met with our supervisor to discuss the projects to be accomplished throughout the internship period. After the meeting, a project plan was initiated, and a draft proposal was prepared and submitted.

January 14, 2026

- The day began with daily devotion and preaching, followed by a morning exercise. In the afternoon, we participated in another exercise and, and then gathered and organized the IDs of the attendees from the PSA hearing along with their attendance records. We also assisted in reviewing the required documents submitted by twenty-five (25) bidding companies.

January 15, 2026

- The day commenced with a daily devotion and preaching, followed by a morning exercise. During the morning, we edited the video for the January birthday celebrants. In the afternoon, we took part in another exercise, and then continued reviewing the required documents from the different bidding companies until the task was completed.

INTERNSHIP WEEKLY REPORT FORMAT

January 16, 2026

- The day started with daily devotion and preaching, followed by a morning exercise. We then completed the video editing for the January birthday celebrants. In the afternoon, another exercise was conducted, and after that we started the initial designing and coding of the project required by the company.

B. KNOWLEDGE GAINED

1. What new learnings were gained during the week?
2. What skills were developed/enhanced?

Throughout the week, we gained a better understanding of the organizational structure and day-to-day operations of Nueva Ecija II Electric Cooperative, Inc. – Area 1. This included learning about the process and importance of the Joint Application for the Approval of the Power Supply Agreement (PSA), as well as the basic procedures involved in evaluating documents for bidding and procurement.

The activities during the internship also helped us to develop practical skills such as project planning, technical documentation, video editing, and the initial design and coding of a system. Moreover, communication, time management, and adaptability were improved through active participation in meetings, hearings, and regular work routines.

C. PROBLEMS ENCOUNTERED

1. What problems have you encountered this week?
2. How did you handle the problem?

One of the challenges we faced during the week was the pressure of completing tasks within tight deadlines, especially during document evaluation and project-related activities. We also initially had difficulty understanding some of the technical and legal terms discussed during the PSA hearing and document review. On top of that, adjusting to the structured work schedule and managing multiple tasks at the same time required us to be adaptable.

We addressed these challenges by practicing effective time management, prioritizing our tasks, and staying focused under pressure. Whenever we needed clarification, we sought guidance from our supervisors and made sure to carefully document and observe each step to complete our tasks accurately and on time.
